

## SK-24-MSC

The splice tray ensures the protection of the optical fibre splices and the correct alignment of the fibres.

Splice tray SK-24-MSC

### features:

- capacity up to 24 thermal splices,
- rubber splice holders adapt to various diameter of splice sleeves,
- by exchanging magazines it is possible to install an optical coupler in the Mini Metal Box (maximum 6 couplers on one splice, 3 on each side),
- has a transparent cover protecting against mechanical damage of fibres and allowing to see inside the splice tray without removing it,
- ensures correct routing of optical fibres and allows to store their excess necessary during welding.

### standards and certificates:

- RoHS 2011/65/UE
- UL 94 V-0

### sectors:

### technical specification:

SK-24-MSC	
dimensions[widthx height. x depth][mm]	110 x 235 x 11
capacity	Up to 24 thermal splices
	Up to 6 PLC splittersin Mini Metal Box Package
material of tray	ABS
material of cover	PET, transparent
weight [g]	80
