

Easy Access Cable Fiber Storage Box

KLD-SZW / KLD-SZW2

Easy access cable fiber storage box KLD-SZW series dedicated for optical access networks.

KLD-SZW

features:

- possibility of storage up to 20 m of fiber for 24J cable with 0,9 mm sheath in KLD-SZW and 48J cable with 0,9 mm sheath in KLD-SZW-2,
- protects fibers against mechanical damage,
- possibility of making subscriber branches directly from the box,
- limited access by unauthorized persons thanks to ABLOY lock,
- box entrances secured by a rubber glands.

included:

- wall mounting kit,
- lock with key,
- Velcro tape,
- cable glands.

standards and certificates:

- RoHS
- ZN-OPL-009/13
- EN ETS 300119

technical parameters:

	KLD-SZW	KLD-SZW2
dimensions [width x height x length][mm]	220 x 280 x 90	220 x 406 x 90
fiber storage 0,9 mm [m] – cable 24J	20	40
number of cable inputs	8	10
diameter of cable inputs [mm]	≤37	
material	powder painted steel	
weight [kg]*	5	6
color	grey RAL7035	
lock with key	yes	

* weight without additional equipment

configurations:

code	description
KLD-SZW	Easy Access Cable Fiber Storage Box, KLD-SZW, 220x280x90mm (WxHxL), steel, color RAL7035
KLD-SZW2	Easy Access Cable Fiber Storage Box, KLD-SZW2, 220x406x90mm (WxHxL), steel, color RAL7035
